Skills

Operating System (Troubleshooting)

Github Tools : Git, VSCode, Docker

Programming: Javascript

Programming: Python

Network: Application Layer

Operations, Monitoring and Software Management: Cisco

Security: CISA

Distributed Systems: Data Structures

Internet: Responsive Web Design

Big Data: Data Visualization

Basic: Forensics

Summary

I am a junior in the College of Engineering & Technology at the PARUL UNIVERSITY, pursuing an undergraduate degree. I am majoring in Computer Science, with intent to double major in Cyber Security & Data Forensic. I'm involved as a Web Developer for Freelancing, where I use my Web engineering skills for pro-bono app/web development and tech consulting for the Open-Source community. I also serve as a Designer for the PUHacks Organising Team, responsible for graphics design and production for the annual hackathon. I am interested in exploring the fields of Software Engineering, Data Science, Machine Learning, Cyber Security & I am open to opportunities for the same.

Education

- 2024-08

Bachelor of Technology

Parul University

Parul University

Bachelor of Technology - BTech, Cyber/Computer Forensics and Counterterrorism
2021 - 2024

Qualifications

Skills

IPv4 / IPv6 Addresses • Wireless Access • Protocol Standards • NetWork Types • Network Media •
Application Layer Services • Resource Specialist • System Safeguard • Threat Analysis • Cybersecurity
Administration

Skills

Bengali

Hindi

English

Certifications

- Cybersecurity and Infrastructure Security Agency (CISA) - U.S. Department of
